FLA-FSA records: Issues that must be taken into account when sending the AIFMD report, the ENT-FSA has developed a request for reports that allows the generation of reporting files encrypted XML format as necessary from the institutions of reports. More detailed instructions on the description of AIFMD information from the AIFMD electronic information The Fin-FSA has updated the description of the electronic reports to create and send AIFMD report information to the FSA. The regulatory framework requires alternative investment funds (AIFM) to regularly provide information for supervising purposes both themselves and alternative investment funds (AIFs) they administer. The obligation of AIFMD reports take effect at the beginning of the next quarter after approval of the notification on the beginning of marketing. Description of the Electronic AIFMD ESMA reports guidelines. See also questions and answers from asthma about the application of the AIFMD directive. The information in the End-FSA record is collected from the reporting reporting forms. Capicle 6 of End-FSA 4/2014 standards and guidelines in alternative investment fund managers include regulations and guidelines on AIFMD reports. The AIFMD reports include the following areas: Basic information on AIFM and AIFS manages the main exposures and higher risk concentrations of the AIF risk profile of A new IDA AIF. Releases the description of the changes made in the XSD documents and the technical IT orientation is included in the technical guidance of IT (2013/1358) on the "Canal History. The obligations of reports under the AIFM Directive have been implemented in national legislation (law on of alternative investment funds (162/2014) and the Ministry of Finance decree on alternative investment fund managers (226/2014)). The request is available for reports, reports, through the Jakelu by FSA distribution service. The AIFMD report obligation notification formed the information that must be informed and its moment and frequency depend on the characteristics and assets of the IDA managed by an AIFM. The National Identification Code and the Sesión Start ID for the Jakel Distribution Service will be sent to the entity only before the first report occurs. Main document 2013-1358_aifmd_reporting_it_technical_guidance-revision4.zip AIFMD Reporting means Report as mentioned in the AIFM Directive (2011/61 / EU) and the Regulations of the European Commission (2013/231). An institution of reports can also create the required reports using methods in accordance with the instructions on the electronic reports of AIFMD. In AIFMD reports, if the details identifying to the Fund Administrator and the Fund do not match the information stored in the FLA-FSA record, the report reception fails. Each new version of XSD will increase the version number (from version 1.1 to 1.2, for example). ESMA updates the document frequently. Main document 2013-1361_AIFMD_Reporting_XML_Documentos_v1.2.zip If an AIF receives an End-FSA marketing authorization at a time when IDA has not been presented in the Finland trade register, FLA-FSA should be notified again As soon as the bottom is presented and also when the bottom operations are started. The relevant information for the reporting must be notified with the reporting obligation form. All relevant changes for the presentation of reports, including new contact persons, must be notified to Fin-FSA with the following form before changing effect. Reporting obligation applies to AIFM registered and authorized, and those AIFM They are established in a third country (País No Eee), what market in Finland, IDAs are fixed. The information must be provided during the authorization and registration process by establishing a new IDA when an AIFM begins to A new IDA in another EEA countries When an AIF not ESA begins to market an IDA under its administration in Finland, when the previous information is reported relevant to changes in AIFMD reports obligations. XML samples for AIFM and AIF inform the exception of Excel of Annex III: "Table of geographical areas" Previous version of the XSD documents (version 1.1) Current IT orientation reviews contains modifications on the IT Guide from IT to carry out the last published version of questions and answers (questions and answers questions) in the AIFMD application (2014/868), as well as some clarifications and correction of inconsistencies with the XSD documents. The updated description is published together with the regulations and guidelines applicable to AIFM (Regulations and Guidelines 4/2014). Information about such features and assets must be reported to the FSA. The description highlights the technical requirements and special national requirements that are not included in the technical guidance of the ESMA. The first report presentation date is based on data on the frequency of reports provided in the AIFMD report obligation form. Reports should be sent by email as an attachment. The IT guide of IT (2013/1358) contains the following set of documents: the technical IT orientation in which the description of the changes made in the technical guide and / or the XSD documents are included in The leaf "History of the Canal. Each AIFM should be communicated directly with the competent national authorities to know how the filling of the XML reports at the national level will be handled. The proposition of the AIFMD reports is monitoring and effectively preventing risk interruptions. MICO AND MARKET.
